

July 8, 9 & 10 SOSHANA DOS SEMINARS

Improve your skills, knowledge, and confidence

About Soshana

Constantly trying to augment her knowledge and increase her skill as a trainer, handler, and teacher, Soshana aspires to stay in the lead of a constantly evolving sport. She encourages her students to think creatively, take risks, and to believe in themselves and their dogs. She wants to be sure her students understand the "why" as well as the "how" of everything they do. She is honored to have been chosen as one of the first 6 OneMind Dogs Coaches in North America. Soshana has represented the USA on multiple teams with 3 different dogs over the years, and is excited to travel with her youngest BC, Jam, on both the WAO and European Open US teams in 2022.

Friday, July 8, 2022 – Morning Session 9:00 AM – 12:30 PM

Tunnel Skills

We will spend the morning focusing on the training of this underestimated obstacle. Complicated entrances, lead changes, exits, other end of the tunnel, tight turns, and driving forward! We will work short drills and teams will leave with homework designed to conquer all the complexities surrounding this seemingly simple obstacle.

** Level of experience: Advanced/Masters
Working Spots (6 Maximum): \$250
Limited Auditing Spots: \$60

Friday, July 8, 2022 – Afternoon Session 1:30 PM – 5:00 PM

When It's Better to Handle from Behind

The focus of this half-day session will be on handling from behind. Rear crosses for sure, but much, much more! Learn how to handle from outside the dog's path, gain distance, save steps, and stay ahead of a fast dog even if you aren't the fastest handler. Sometimes the best line is made from behind!

** Obstacles used: jumps and tunnels
** Level of experience: Masters
Working Spots (6 Maximum): \$250
Limited Auditing Spots: \$60

Saturday, July 9, 2022 – Morning Session 9:00 AM – 12:30 PM

Better Blind Crosses

This workshop will challenge teams to sequence using blind crosses in a variety of applications and situations. Test your dog's understanding of different types of blind crosses that will be incorporated into short but challenging sequences.

** Level of experience: Advanced/Masters
** Obstacles used: Jumps and tunnels
Working Spots (6 Maximum): \$250
Limited Auditing Spots: \$60

Saturday, July 9, 2022 – Afternoon Session 1:30 PM – 5:00 PM

Beginner Dogs

This workshop is for dogs just beginning to sequence. We'll work on keeping a parallel path, following the handling, reacting to rhythm change, and extension and collection. Dogs should be familiar with jumps and tunnels. The jump bars will be appropriately set for the dog's size/age, and all exercises will be done according to the level of each team. **Dogs should be minimum of 7 months old.**

** Handlers at all levels
Working Spots (10 Maximum): \$150
Limited Auditing Spots: \$60

Sunday, July 10, 2022 – Morning Session 9:00 AM – 12:30 PM

Masters Coursework

Participants will spend the day perfecting handling and conquering international style challenges on Masters level coursework. All obstacles may be used, but focus will be on handling, not obstacle performance.

Working Spots (6 Maximum): \$250
Limited Auditing Spots: \$60

Sunday, July 10, 2022 – Afternoon Session 1:30 PM – 5:00 PM

Masters Coursework

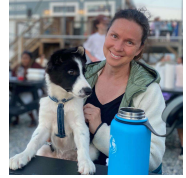

Same goals as the Morning Session, but we'll be working on different sequences.

Working Spots (6 Maximum): \$250
Limited Auditing Spots: \$60

- **For more active time in the ring, we're limiting Working Spots to 6 (Except for the Beginner Dogs session)**
- **Attend Both Seminars Friday or Sunday for Special Price of \$450 for Working Spots and \$100 to Audit both.**
- **All sessions will be outdoors on grass.**
